2010**

Welcome to Hinman Photography Studio. We started our business in 2004 in Eugene, Oregon. We moved to the Enumclaw area in 2006 and had been working out of our home studio. After an unfortunate chewing incident with our newly adopted stray dog, we moved our studio into downtown Enumclaw. We are now able to offer a fully functioning digital studio and still have the option to shoot photos at our 5 acre ranch or any other location. We are general practitioners of the art of photography, and have been shooting Engagements and Weddings since we opened. Sharon Hinman has been a member of the Professional Photographers of America since 2004. We have office hours every day during the week, but are available anytime including the weekends for questions and appointments. Please contact us today!
